

Appendix July 2020 Finance and General Purposes Committee

2021/29 Litter pickers and market supplies

a) Litter pickers

The Town Council currently has 46 Green and Clean Champions, having gained a number over the past few weeks, and have just given the scheme some extra publicity. Stock remaining for community litter picks and additional Champions is 35 (one recent Champion has her own equipment but wanted to be officially part of the scheme).

It would be sensible to order another 10 33" pickers and another 10 37" pickers to ensure the council has enough for all purposes. I would also like to order 10 children's size litter pickers.

Cost from Helping Hands

Regular litter pickers (Litter picker Pro), 33" and

37" <https://www.hhenvironmental.co.uk/product/litterpicker-pro/> - £13.64 each plus VAT

Graptor kid's litter picker – <https://www.hhenvironmental.co.uk/product/graptor/> - £15.34 each plus VAT

Total £426.20.

b) Market supplies for first aid

It's recommended that up to £50 be allocated from the Tourism and Regeneration budget to purchase masks and gloves, etc.
