

Internal Controls Policy and checklist

Date of review: 10th April 2024

Next review date: April 2025

Scope of responsibility

The Accounts and Audit Regulations 2003 states that a Council shall be responsible for ensuring that its financial management is adequate and effective, that it has a sound system of internal control which facilitates the effective exercise of the Council's functions, and includes arrangements for the management of risk.

Bingley Town Council is a local authority funded by public money, and is therefore responsible for ensuring that its business is conducted in accordance with the law and proper standards and that the public money is safeguarded, used efficiently and effectively, and properly accounted for.

The purpose of the system of internal control

Internal control is designed to reduce financial risk to the Council. The system of internal control is based on an ongoing process designed to identify and prioritise risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

Personnel involved with the internal controls

The Council shall review its obligations and objectives, approve a budget and agree a precept for the following financial year at its December/January meeting. The approved annual budget shall form the basis of financial control for the ensuing year.

At a minimum of once a quarter, one member other than the Chairman shall be appointed to carry out an internal control procedure in accordance with the internal control checklist (Appendix A). Two different members shall sign the monthly bank reconciliations and the original monthly bank statements as evidence of verification, prior to Full Council meetings. A schedule of payments is approved at each monthly Full Council meeting, and signed by the Chair and Clerk. Four other members agreed as bank signatories on the bank mandate shall authorise payments (via cheque signing and electronic payments). All payments are made in accordance with Standing Orders and Financial Regulations.

Cheque signing

If payment is made by cheque, two members on the bank mandate will sign the cheques, initial cheque stubs and check each cheque against the relevant invoice. The Clerk/Deputy Clerk must not sign cheques.

Electronic payments

Electronic payments are made by the Clerk/Deputy Clerk, who enter the payment via electronic banking, and are authorised to view and set up payments only. Following approval at monthly meetings or via emergency payment, the signatory councillors are sent the relevant invoices and sign the online payment form to approve the payments.

Internal Auditor

The Council appoints an independent Internal Auditor, who will report to the Council on areas including adequacy of its records, procedures, systems, internal controls, risk management and reviews.

The effectiveness of the Internal Auditor is reviewed annually, and the Council confirms the Internal Auditor appointment annually.

The Internal Auditor inspects the accounts during the current financial year and at the year end prior to the completion of the Annual Return Statement to the External Auditor.

The Internal Auditor will write a separate report to the Council detailing any findings they might have. This report is also copied to all councillors and discussed by the Full Council as an agenda item. Recommendations from the report are recorded in the Council minutes.

External Audit

The Council's External Auditors submit an External Auditor's Report, which is presented to the Council. Any matters raised on the Annual Return Statement are discussed by the Council, with any necessary actions duly recorded in the Council's minutes.

Review of Effectiveness

The Council has responsibility for the conducting regular reviews of the effectiveness of the system of internal control. The review of the effectiveness of the system of internal control is informed by the work and issues identified by the Full Council, the Finance and General Purposes Committee, the Clerk and Deputy Clerk to the Council, and the Council's Internal and External Auditors.
