

## Q8 In your own words, what are the things that you like most about this new proposed development?

Answered: 394 Skipped: 95

#	RESPONSES	DATE
1	It would of been appreciated if this survey was done before Bingley Councillors spent money on an architect. Maybe then things people of Bingley actually want would of been recognised. Or is it just about the councillors having an office?	1/18/2018 4:40 PM
2	The proactive stance of the TC in trying to save a public facility	1/16/2018 1:50 PM
3	The fact that the PC is prepared to take on and retain an public toilet facility when so many are closing/have closed.	1/15/2018 12:40 PM
4	Creating a presence for the Town Council in the centre of the town, which can be adapted to changing needs/circumstances in future years.	1/15/2018 8:55 AM
5	Keeping the public toilets open.	1/11/2018 1:19 PM
6	Using the present building and site as much as possible. Ensuring that public toilets are kept in an accessible position in the town.	1/9/2018 1:22 PM
7	Accessibility	1/9/2018 1:20 PM
8	Bingley needs toilets to promote itself and a modern building is a good start.	1/9/2018 1:18 PM
9	Modernise Bingley. Bingley needs public toilets.	1/9/2018 1:16 PM
10	Good use of space. At present space too large for toilets but development keeps toilets and makes good use of the rest of the area for the community.	1/9/2018 1:14 PM
11	It will improve the facilities and service to the townsfolk.	1/9/2018 1:08 PM
12	A backward move	1/9/2018 1:06 PM
13	Bingley needs public toilets. Bingley Council needs offices in Bingley.	1/9/2018 1:03 PM
14	Need facilities for changing for the disabled	1/6/2018 12:10 AM
15	The chance to keep a vital facility in the community for families	1/2/2018 12:14 PM
16	Maintaining the public Toilets and being in close contact with Bingley Town Council	1/2/2018 12:05 PM
17	Keeps a necessary facility in Bingley to ensure footfall in the Town Centre	1/2/2018 11:55 AM
18	Don't like the idea of Bingley People (Parish C) paying for this	1/2/2018 11:40 AM
19	None. Why should we pay for the Toilets, they usually get Vandalised	1/2/2018 10:55 AM
20	Central Office for Bingley Council	1/2/2018 10:43 AM
21	Blank	1/2/2018 10:41 AM
22	Retaining Toilets for public use whilst merge with offices	1/2/2018 10:38 AM
23	The Toilets are needed for residents and visitors to Bingley. Bingley Town Council should be based in Bingley	1/2/2018 10:31 AM
24	Bingley Needs This	1/2/2018 10:28 AM
25	The Duel Purposes are both badly needed	1/2/2018 10:26 AM
26	The design very modern and attractive. Bring more life to the Town Centre Retain the Toilets	1/2/2018 10:22 AM
27	The continued provision of public toilets. It will also give the council a prominent base.	1/1/2018 8:39 PM
28	Retention of toilets in central Bingley is important when one is 'caught short'. Council Offices will be very accessible.	12/31/2017 11:42 PM
29	I think it would benefit the town to have a central point for information, inquiries etc..	12/31/2017 6:40 PM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

30	Bingley needs a public toilet and it will be good to have somewhere specifically for the parish council to meet.	12/31/2017 5:14 PM
31	Nothing. I use the toilets on a regular basis. Would they be only open office hours? No mention of that, has been made. Also as an elderly citizen I do not relish my council tax rising just to support this building work.	12/31/2017 1:08 PM
32	Sounds good for bingley town centre, we need it	12/31/2017 10:26 AM
33	Keeping the toilets & providing a Bingley Council office in the centre of town.	12/31/2017 9:55 AM
34	Public toilets are an essential requirement in any town centre to meet the needs of residents & the increasing number of tourists/visitors. The shopping offer is developing in Bingley & must be supported by the provision of this basic amenity. The scheme will also provide an accessible base for the Bingley Town Council which is doing a great job in looking after Bingley's interests.	12/30/2017 10:16 PM
35	It will make good use of the available space while preserving an essential resource for the town	12/30/2017 8:37 PM
36	keeps a facility which is necessary to encourage people to visit the town centre	12/30/2017 8:21 PM
37	Will maintain an essential public toilet facility. It is unthinkable to be without them in such a business area.	12/30/2017 7:05 PM
38	It seems likely to ensure the ongoing provision of essential public toilets in the busy and attractive town. The toilets were partly reprieved by the adoption of 'Walkers are Welcome' status and walkers really need them!	12/30/2017 5:20 PM
39	Retaining public toilet facilities in Bingley is essential for the future success of every proposal made to improve the town as a consumer friendly town.	12/30/2017 4:01 PM
40	Keeping essential public toilet facilities in Bingley.	12/30/2017 1:55 PM
41	It removes a centrally obsessed Bradford Met Council from the responsibility of 'looking after" this essential service, and will hopefully keep the toilets open for the foreseeable future.	12/30/2017 1:40 PM
42	Council offices located in centre of town and vital public toilet facility retained	12/30/2017 11:38 AM
43	Multi purpose use of the facility.	12/29/2017 6:52 PM
44	Public toilets are an essential feature of any forward thinking authority. Lack of them just sends a negative message to the local community and visitors alike. Local businesses should not be expected to provide these amenities.	12/29/2017 12:58 PM
45	Nothing	12/29/2017 11:52 AM
46	F	12/29/2017 7:50 AM
47	Any town centre deserves good facilities and that includes good, easily accessible toilet facilities	12/28/2017 3:09 PM
48	This is a poor idea which is too expensive.	12/28/2017 2:21 PM
49	None. I do not see any real benefit of funding Bingley Town Council and being forced into paying an additional amount for offices and a toilet when other more critical public services are being reduced is not an appropriate way to spend public money.	12/28/2017 2:00 PM
50	Keep the toilets. Hire someone cheap to keep them tidy at weekends. The council can hire office space around the town and could they not return to Bingley Town Hall (renovate that place instead)	12/28/2017 12:04 AM
51	There is no Publicly justified need for these toilets. There are plenty of local alternatives in other establishments. No justification in the Extortionate spending of public money. Don't just ask for feedback on a Facebook page, send it out to the Public of Bingley for a vote and then see the response!	12/27/2017 9:47 PM
52	Definitely require a disabled access toilet with suitable changing facilities for an adult. Having a disabled daughter myself the thought of venturing into Bingley knowing she is likely to require a change at some point completely restricts our outings into Bingley to an absolute necessity. Currently there is no facility for changing disabled persons without laying them on a cold floor in the standard public toilet which is totally unacceptable. In addition, children from Hazelbeck school love outings into Bingley but these are restricted due to the lack of facilities in the town. Hopefully, an accessible toilet with changing facilities will be included into the design.	12/27/2017 7:53 PM
53	Very well planned. Good use of space.	12/26/2017 8:09 PM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

54	It keeps some public toilet provision in Bingley, even if it is pitifully inadequate.	12/26/2017 4:50 PM
55	That it will provide office space for the council and retain the much needed toilets in Bingley. It is also a cost effective way of doing it with a very small ontribution from residents.	12/26/2017 11:25 AM
56	We need to keep public toilet facilities in Bingley open. Not sure the new plan provides enough toilets.	12/26/2017 9:55 AM
57	Retaining the public facilities is very important.	12/25/2017 10:10 PM
58	Could think of so many better uses of that money!	12/25/2017 10:41 AM
59	Retaining public toilets, some of us have medical issues that m3an we always need access to toilets. Plus visitors need to be able to access public toilets.	12/24/2017 9:50 PM
60	Good use of building. Hopefully public toilets will be free to use. It is important that such facilities exist for those who need them.	12/24/2017 12:33 PM
61	A good compromise to retain the toilets and provide meeting space for the council. I am concerned about the future of the town hall though as a result.	12/24/2017 11:38 AM
62	Keeps the toilets open	12/24/2017 10:18 AM
63	I like very little about the development idea, although generally I am for regeneration & investment.	12/23/2017 11:06 PM
64	Very encouraged by the plans and hope that they will come to fruition. The council will shut the toilets- this way the facilities are retained and the building repurposed in a sustainable way. I fully support this proposition.	12/23/2017 10:53 PM
65	That there will still be toilets.	12/23/2017 6:51 PM
66	Needs baby changing facilities and not do expensive. I ho to spend s penny not 20p	12/23/2017 1:25 PM
67	It's a good solution to the situation.	12/23/2017 11:37 AM
68	I do not live in bingley any more but used the toilets when I did with my daughter. You need toilets in a place like bingley.	12/23/2017 7:17 AM
69	As a Bingley resident, I think a centralised base for the council is important and public toilets should definitely be available to all in the town centre.	12/22/2017 7:49 PM
70	Keeping needed toilets in Bingley.	12/22/2017 6:27 PM
71	Bingley needs public toilets and needs to be seen as a town that facilitates visitors needs	12/22/2017 5:54 PM
72	Bingley Town Council are an important part of the community and this central location works well	12/22/2017 4:42 PM
73	Somewhere accessible to pee or poo when I am in Bingley on business and not in a pub.	12/22/2017 4:35 PM
74	I like the idea of transferring the toilets BUT I dont think you should build an office on to it because the proposal is far too expensive, you should continue your meetings round the area and not in one place. Also it could become known as the BINGLEY COUNCIL SHITHOUSE!!	12/22/2017 3:34 PM
75	Kills 2 birds with 1 stone. Also, if Bingley is to be an attraction for visitors/tourists a public toilet facility is one of the top, if not number one, priorities	12/22/2017 3:33 PM
76	In affect, it appears, we are being asked to pay for something that we have already paid for via council tax to BMDC and which, as Bingley residents, my family would not be using.	12/22/2017 2:53 PM
77	By converting part of the building it ensures a continued use of the building as well as providing much needed public toilet facilities.	12/22/2017 1:57 PM
78	Keeping public toilets in town centre.	12/22/2017 9:25 AM
79	It makes better use of the site.	12/22/2017 9:24 AM
80	The town keeps public toilets	12/22/2017 9:23 AM
81	A town council office in the centre of Bingley - easy access to everyone - AND - handy public conveniences.	12/22/2017 9:21 AM
82	Great that two projects come out of one	12/22/2017 9:19 AM
83	Safety and accessibility	12/22/2017 9:17 AM
84	Very good design.	12/22/2017 9:16 AM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

85	It preserves Bingley Town Centre as a viable location - need market too.	12/22/2017 9:15 AM
86	It's a nice compact facility and keeps public toilets.	12/22/2017 9:12 AM
87	Keeping the toilets in town.	12/22/2017 9:11 AM
88	Keeping toilets in town	12/22/2017 9:10 AM
89	An ideal base for Bingley Town Council. Toilets are essential.	12/22/2017 9:08 AM
90	Retaining the public toilets.	12/21/2017 7:28 AM
91	We need toilet facilities and this proposal would ensure that they remain. Developing offices for the town council is also better, in my opinion, than a long term rental arrangement. Good luck with this, I hope you get the support from the local community.	12/21/2017 5:13 AM
92	It is needed	12/20/2017 7:16 PM
93	.	12/20/2017 6:28 PM
94	Nappy change area	12/20/2017 4:01 PM
95	Retains control in Bingley & the local community.	12/20/2017 12:52 PM
96	As someone who NEEDS to go quite often this is a facility much needed.	12/20/2017 9:52 AM
97	It would be an asset. At the moment I have used the library ones which are filthy!	12/20/2017 9:48 AM
98	Very pleasing	12/20/2017 9:47 AM
99	Every town needs public toilets. Everyone needs the use of a toilet at some time.	12/20/2017 9:46 AM
100	It's an attractive building in the centre of Bingley and it would be a shame to lose it. The plan seems an ideal solution to retain the toilet facility whilst acquiring facilities required by the new Town Council who so far are doing a great job for the community.	12/20/2017 9:43 AM
101	Free toilets	12/20/2017 9:38 AM
102	Safe, well maintained, essential facility in a civilised society, encourage shoppers and visitors to use and enjoy the town, and nearby park, thereby supporting business and council.	12/20/2017 9:35 AM
103	The plan would help to encourage people to visit Bingley as opposed to passing through.	12/20/2017 9:27 AM
104	Based in Bingley (Town Council)	12/20/2017 9:22 AM
105	Bingley Town Council being in Bingley	12/20/2017 9:17 AM
106	It is needed if you are old.	12/20/2017 9:10 AM
107	Looks good to me	12/20/2017 9:08 AM
108	I like the idea of a meeting room which could be used as a town council surgery. It would be even better if a community police officer could use it as a base as well but you cannot have everything.	12/19/2017 10:19 PM
109	Provides necessary public toilet amenity for Bingley town centre which would otherwise be lost in March 2018. Provides a community asset for the town.	12/19/2017 6:57 PM
110	Really important for Bingley to have access to good clean toilets that meet everyone's needs.	12/19/2017 5:08 PM
111	Two much-needed wins for Bingley	12/19/2017 1:48 PM
112	Secures toilet provision in Bingley	12/19/2017 9:29 AM
113	Better use of space and the ability to maintain a public facility as well as provide an opportunity for investment from local business in use of office space.	12/19/2017 9:28 AM
114	It means we can keep the toilets.	12/19/2017 9:25 AM
115	Keeping toilet provision and office facility.	12/19/2017 9:21 AM
116	Brings new opportunities for business, Also makes better use of the land.	12/19/2017 9:20 AM
117	More of a focus	12/19/2017 9:13 AM
118	Somewhere to go to the toilet	12/19/2017 9:08 AM
119	Keeping toilet provision	12/19/2017 9:06 AM
120	Gives BTC office in Bingley and free toilets.	12/19/2017 9:05 AM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

121	The primary aim to keep the public toilets open	12/19/2017 9:03 AM
122	Continue having access to free toilet facilities	12/19/2017 9:01 AM
123	Like look of building and to keep public toilets open.	12/19/2017 8:56 AM
124	We need it.	12/19/2017 8:49 AM
125	The disability toilets facility. If the plans could be extended to offer two disability toilets this I feel would better service the community.	12/19/2017 8:38 AM
126	Seems a good idea	12/19/2017 8:30 AM
127	Retaining public toilets and creating more office space.	12/19/2017 8:27 AM
128	Out of Bradmet hands	12/19/2017 8:26 AM
129	Will provide continuity of much needed facilities in a town which is attempting to improve.	12/19/2017 8:24 AM
130	Keeps the toilets open. Good use of space.	12/19/2017 8:20 AM
131	toilets are not necessary and are often closed!!! and cost money to have a wee :-)	12/19/2017 8:18 AM
132	Free toilets	12/19/2017 8:17 AM
133	Firstly keeping the toilets. Office space excellent. A store room for market stalls may encourage the existing market to grow.	12/19/2017 8:16 AM
134	Toilets for public use, office space for Bingley Council.	12/19/2017 8:15 AM
135	Keeping public conveniences should I require to use said services	12/19/2017 8:09 AM
136	Good to utilize the space and also keeping open public facilities.	12/19/2017 8:07 AM
137	Please provide facilities for special needs	12/18/2017 11:27 PM
138	Improvement to local facilities	12/18/2017 10:55 PM
139	It is essential that Changing Places are supported in this change to allow disabled people the dignity to be able to be changed in the new facilities if needed. A hoist and a changing table is SO important.	12/18/2017 10:41 PM
140	Retaining public toilets - which is essential - enhancement of the current building.	12/18/2017 5:43 PM
141	It is modern!	12/18/2017 5:40 PM
142	A very good design and keeping the toilets is a necessity.	12/18/2017 5:39 PM
143	It's a must for the community and basically a very sensible idea to keep the town council central.	12/18/2017 5:37 PM
144	Bingley needs to attract - the lack of facilities is detrimental to this.	12/18/2017 5:35 PM
145	It is a local issue.	12/18/2017 5:33 PM
146	We must retain clean, safe toilet facilities for overseas tourists who do visit Bingley along with young mums and the elderly.	12/18/2017 5:31 PM
147	It's a positive proposal to closure and neglect of a valued resource.	12/18/2017 5:23 PM
148	Good to keep public toilets open in Bingley	12/18/2017 5:21 PM
149	Keeping public toilets in Bingley	12/18/2017 5:17 PM
150	Public facilities	12/18/2017 5:15 PM
151	Improve image of Bingley	12/18/2017 5:14 PM
152	It is fundamentally essential to provide this facility in a town such as Bingley. It is a no brainer ! .	12/18/2017 5:13 PM
153	W.C facilities are essential and would continue. Also BTC offices would be much more local and part of the community.	12/18/2017 5:12 PM
154	It enables Bingley to keep the toilets.	12/18/2017 5:10 PM
155	Very good.	12/18/2017 5:09 PM
156	This development provides a focal point for BTC at the same time as keeping the toilets open for public use.	12/18/2017 5:08 PM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

157	Entirely necessary for maintaining facility for visitors to the town.	12/18/2017 5:03 PM
158	provides Council offices in Bingley centre	12/18/2017 5:01 PM
159	Most relieved in all senses of the word.	12/18/2017 4:59 PM
160	Keeping public facilities going in the town. Once gone, gone forever.	12/18/2017 4:58 PM
161	Rubbish	12/18/2017 4:56 PM
162	Bingley Town Council to be Bingley based and easily accessible	12/18/2017 4:55 PM
163	Bingley Town council to be accessible	12/18/2017 4:52 PM
164	It is a resource for Bingley	12/18/2017 1:36 PM
165	Ensuring that there are public toilets in Bingley Town Centre. Seems a good way to make sure that in another 4-5 years we are not once again threatened with the closure of this essential amenity.	12/18/2017 12:51 PM
166	This is an essential provision which is needed in Bingley and the new development will be a great asset to the town:	12/18/2017 11:47 AM
167	Fantastic facility	12/18/2017 11:39 AM
168	Important facility at a tiny cost per household.	12/18/2017 10:09 AM
169	None	12/18/2017 9:35 AM
170	It would retain Public W/c Facilities and make use of a building which will otherwise be allowed to simply fall vacant.	12/18/2017 9:26 AM
171	Will bring a much needed service for any town to Bingley and hopefully provide someone with business premises.	12/18/2017 9:23 AM
172	forward thinking	12/18/2017 8:24 AM
173	Shows what is important to Bingley and the community	12/18/2017 8:07 AM
174	Great idea, keeping a much needed facility open and at the same time creating a visible town council HQ	12/18/2017 8:06 AM
175	Still provides a toilet facility which many need. The building isn't wasted.	12/18/2017 5:33 AM
176	That this project will achieve two important objectives. (1) The retention of public toilets in Bingley. (2) Affordable BTC office space in a central location.	12/17/2017 11:35 PM
177	Ok	12/17/2017 7:28 PM
178	Public toilets are an essential service, particularly for older people, those with disabilities and children. Closure of the toilets would have a detrimental impact on many people I know who live in Bingley. Support fully the initiative to continue to provide this service. Would be interested to see Bradford Council's Impact Assessment of this decision. Fully support Bingley Council's proposals.	12/17/2017 6:39 PM
179	Smaller offices and open thinking for workers.	12/16/2017 9:31 PM
180	Access to public toilets.	12/16/2017 11:51 AM
181	It keeps the toilets open.	12/15/2017 7:44 AM
182	Bingley is a super town and it needs people to visit in order to prosper and therefore toilets are invaluable and having offices in a central location also seems extremely sensible.	12/14/2017 9:17 PM
183	It is a practical and imaginative way of retaining a public toilet in Bingley - whilst also giving the TC space to operate that is central to Bingley. Accessible, clean, good quality public toilets are important for certain groups, particularly older people, those with children or people with disabilities. It is unfair to expect them to use pub / cafe facilities as they may feel uncomfortable asking and they may not be fully accessible. Having an office in the centre of Bingley is of secondary importance but it seems a good use of space and if it helps them to their valuable work that is good. It will also mean they are more accessible to the people of Bingley.	12/14/2017 9:10 PM
184	It is essential to have a public toilet in the town. It would be used by all members of the public, especially the elderly, pregnant women and those with children. Also it will help to regenerate that part of town.	12/13/2017 8:19 AM
185	Toilets remain.	12/13/2017 7:57 AM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

186	It enhances the facilities in the town.	12/12/2017 6:35 PM
187	Location and access to Bingley council	12/12/2017 5:52 PM
188	Central Office for the Town Council which continues to do excellent work for the community and much needed toilet facilities for a town which is growing in confidence.	12/12/2017 5:31 PM
189	If this development goes ahead it HAS to have a changing places for disabled people. It is there right to be able to use a public toilet with dignity. There are a number of local special schools that are very close to Bingley - Chellow heights, hazelbeck and Phoenix. If they knew there was a changing places in Bingley to could access Bingley for community trips. If there was a changing places facility Bingley would get my tourist as a whole and local businesses would benefit	12/12/2017 5:25 PM
190	I think it's a good proposal for the town council and the public. There is not too much you can do with the design but it looks functional and therefore it gets my full support.	12/12/2017 5:08 PM
191	This keeps existing facilities but also creates a home for our local council and is accessible in a central location which means everyone can get there	12/12/2017 3:56 PM
192	We need public toilets now welcome to walkers etc. If the offices are there they are more central to Bingley and more accessible to all Town Council areas	12/12/2017 2:54 PM
193	Continued development of Bingley	12/12/2017 2:17 PM
194	The convenience of the existing toilets are being kept.	12/12/2017 2:16 PM
195	It keeps it under our control	12/12/2017 12:36 PM
196	The Toilets are staying	12/12/2017 12:15 PM
197	Every town need public toilets	12/12/2017 7:43 AM
198	Good to have town council office. Need toilets in the town. Present building seems large for just toilets so to combine the two - good idea.	12/12/2017 12:49 AM
199	I like the idea of taking over the toilets but cant see the purpose of spending a lot of money on an office which looks about the size of a small garage.	12/11/2017 11:36 PM
200	Complete waste of public money - why can't we keep the toilets and find some existing empty space for the council office ?????	12/11/2017 11:25 PM
201	Needs research to demonstrate a need. If a 'need' then there is a significant cost in maintaining the building. Has this been evaluated. Is it possible to 'opt out'?	12/11/2017 9:24 PM
202	Bingley needs the toilet facilities and the town council needs a central office. This is the perfect solution in one compact design.	12/11/2017 8:54 PM
203	It is needed	12/11/2017 8:51 PM
204	na	12/11/2017 8:35 PM
205	It retains public toilet facilities in Bingley and gives the town council a presence in the centre of the town with easy access to the public.	12/11/2017 8:09 PM
206	retain public toilets in Bingley	12/11/2017 7:31 PM
207	Public toilets are retained and the council will have an office in Bingley, thus giving it a higher profile and greater accessibility.	12/11/2017 6:37 PM
208	I am glad we are keeping a public toilet with this plan.	12/11/2017 6:22 PM
209	We must retain our dignity and identity as a town. Allowing Bradford Council to close public facilities must be opposed and BTC's proposal is innovative and creative that will leave us with facilities for our residents and visitors	12/11/2017 6:09 PM
210	A very convenient situation for locals.	12/11/2017 6:02 PM
211	It is important that there is a WC facility in Bingley if we are to encourage visitors. Also the Town Council will have a more visible profile that residents can access	12/11/2017 6:01 PM
212	It is important to have a public toilet in the town centre	12/11/2017 5:52 PM
213	I think all towns need a public lavatory, for visitors as well as locals.	12/11/2017 5:42 PM
214	The town council are thinking about the needs of people living, working & visiting Bingley. Left to Bradford Council the needs of the town are not taken into account.	12/11/2017 4:06 PM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

215	not seen	12/11/2017 4:00 PM
216	The town council needs space - and is in an excellent location - and also we do need public loos. I have a small child who gets "caught short"!	12/11/2017 3:49 PM
217	Everything.	12/11/2017 3:37 PM
218	Toilets will be good for Bingley but at what price ?	12/11/2017 3:34 PM
219	I like the design as it keeps public toilets for the town but also provides space for the Town Council in an existing building, effectively 'killing two birds with one stone!' Bingley Town Council are also trying to provide a much needed facility in the town when Bradford Council have made it patently obvious that they have no intention of doing so despite the high amount of Council Tax paid by Bingley residents for a very, very poor service across all areas from Bradford Council.	12/11/2017 2:56 PM
220	Good idea for the long term .	12/11/2017 2:21 PM
221	Efficient use of an existing building	12/11/2017 2:07 PM
222	Central faculty for the town council Retain public toilets for use during community events	12/11/2017 1:50 PM
223	that Bingley retains some public toilets - though only if the opening hours are extended from current ones.	12/11/2017 1:31 PM
224	The keeping of a public toilet in Bingley.	12/11/2017 1:24 PM
225	Keeps Bingley looking good and welcoming for visitors	12/11/2017 1:17 PM
226	To attract people to shop in Bingley we do need public toilets. I think it is disgraceful that Bradford council think we don't need them. It would be good for the town council to have a base in Bingley centre.	12/11/2017 1:01 PM
227	Keeps a valuable asset of public toilets in the area, I am often in bingley with small children so that is very important for me	12/11/2017 12:52 PM
228	The fact the public toilets remain	12/11/2017 12:42 PM
229	step forward for Bingley and a positive step away from Bradford Council who show no interest in supporting the Bingley area	12/11/2017 12:35 PM
230	nothing ....didn't even know there were toilets	12/11/2017 12:20 PM
231	The proposal to keep some public toilet facilities in Bingley.	12/11/2017 12:13 PM
232	Retaining public toilets	12/11/2017 12:12 PM
233	Retention of public toilets	12/11/2017 12:11 PM
234	Not a lot	12/11/2017 12:11 PM
235	I believe there is a very high need for the toilets to remain, but I also see so many empty units/shops, I really don't think it is cost effective	12/11/2017 12:07 PM
236	I believe it will enhance the town and be not only a useful space for Bingley Council but a facility that visitors to the town can use.	12/11/2017 11:59 AM
237	It's a building which is far too big to be just a public toilet. I support the town council, and if this is what they believe would benefit our town, then I'm happy for it to go ahead and be put to good use.	12/11/2017 11:59 AM
238	Firstly, to maintain the provision of public toilets, a vital service. Secondly, this would provide a 'home' for Bingley Town Council, rather than them having to have a less permanent arrangement. Surely, this 'kills two birds with one stone' and provides a solution to both issues. £24 over 20 year for a Band D property is well worth it. Go for it!	12/11/2017 11:49 AM
239	Anything is better than nothing.	12/11/2017 10:33 AM
240	I have not seen the proposals, however Bingley should aim for a good standard, at least comparable to Ilkley public toilets in the car park. Also like idea of office for Town Council being added, good central location. Would be good if space for public use meeting room could be incorporated, would allow income generation as well as being base for local groups to meet!	12/9/2017 8:38 PM
241	There will be council offices and also public toilets which the town needs for people to use when out shopping.	12/8/2017 2:37 PM
242	All towns should have public wc facilities. Having wc available enhances use of Myrtle Park.	12/8/2017 2:36 PM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

243	Excellent idea. the more buildings and facilities that are taken under Bingley Town Council management/control the better.	12/8/2017 2:34 PM
244	It says Bingley is a community	12/8/2017 2:32 PM
245	Continuing availability of toilets. A home for Parish Council.	12/8/2017 2:24 PM
246	Simply it will keep some toilets in Bingley	12/8/2017 12:42 PM
247	Retaining public toilets	12/8/2017 12:37 PM
248	The provision of a central office for BTC	12/8/2017 12:35 PM
249	I like the fact that the Town Council would have a base as well as having toilets.	12/8/2017 12:32 PM
250	Good use of an existing building	12/8/2017 12:19 PM
251	Essential to have town toilets	12/8/2017 12:16 PM
252	That the toilets are open for longer hours	12/8/2017 12:14 PM
253	Permanent base for town council and retaining a basic public facility. Win Win.	12/7/2017 1:26 PM
254	X	12/6/2017 9:12 PM
255	Nothing, keep the toilets	12/6/2017 5:49 PM
256	Having public toilets is essential	12/6/2017 5:34 PM
257	Keeping the toilets	12/6/2017 2:33 PM
258	Essential asset for the town in terms of toilets and office for TC	12/6/2017 12:35 PM
259	It gives the council a central home in Bingley and retains the toilets which I feel are a vital asset.	12/6/2017 12:31 PM
260	Public toilets available for visitors/ residents Parish Council based in the town centre - more accessible for residents. Good use of existing building.	12/6/2017 12:29 PM
261	Essential amenity for town centre. BTC must have it's own permanent base - this is the ideal solution to a thorny problem.	12/6/2017 12:27 PM
262	It would give Bingley a facility which any community requires to consider itself civilized. It would ensure that the current toilet building didn't become an eyesore under the responsibility of BMDC.	12/6/2017 12:26 PM
263	That Bingley will retain the public toilets and also finally have an office in Bingley to deal with Bingley residents	12/6/2017 12:21 PM
264	Like the design and feel it is a must for the people of Bingley and visitors	12/6/2017 12:19 PM
265	Looks good and fulfills a basic need fir the town and visitors	12/6/2017 12:18 PM
266	The toilets being available. Community information on hand	12/6/2017 12:17 PM
267	Very stylish and will look very modern	12/6/2017 12:16 PM
268	This is good for visitors to the town. Would also be central for the council to meet.	12/6/2017 12:15 PM
269	Good use of space - toilets, offices and meeting in same building- good thing for Town Council to have central office and meeting room.	12/6/2017 12:12 PM
270	Keeping public toilets open, giving the Town Council a permanent home.	12/6/2017 12:08 PM
271	Keeping the toilets but also giving the town council its own permanent accomodation	12/6/2017 12:05 PM
272	This will be a sustainable solution to providing toilets in Bingley. Also gives a useful focal point of contact for BTC	12/6/2017 12:02 PM
273	Excellent office facilities and room for small meetings. Excellent disabled toilets.	12/6/2017 11:59 AM
274	It's such a sensible plan, value for money and excellent value for Bingley	12/6/2017 11:58 AM
275	I think the Town Council needs a central location and we need to retain toilet facilities.	12/6/2017 11:55 AM
276	Keeps public toilets open in Bingley and provides permanent home for BTC.	12/6/2017 11:54 AM
277	Council offices in centre of Bingley. Toilets available and open longer hours	12/6/2017 11:54 AM
278	A free to use public toilet facility at the 'centre' of the town plus an easily accessible office for the Town Council, in a visible location	12/6/2017 11:53 AM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

279	Stops demolition of an expensive build (9 months and Italian tiles!)	12/6/2017 11:08 AM
280	Location	12/6/2017 11:05 AM
281	Practical, cost effective, necessary	12/6/2017 11:03 AM
282	The council office being in a central place. Toilets are essential, particularly if the market is to be revived or other events are to be held in the market square.	12/6/2017 11:01 AM
283	Good use of the building for offices and yet retaining public toilets.	12/6/2017 10:23 AM
284	Public toilet provision in the town, plus the central location of the council offices.	12/6/2017 9:29 AM
285	n/a	12/6/2017 3:11 AM
286	Everyone needs a toilet to use which is easily accessible	12/5/2017 10:59 PM
287	That the toilets are kept	12/5/2017 8:52 PM
288	Essential public toilets remain in Bingley	12/5/2017 4:05 PM
289	Keeps the public toilets and also makes use of the space as I understand it currently loses money.	12/5/2017 3:54 PM
290	It is vital to have the public toilet facility in the town centre.	12/5/2017 3:22 PM
291	Bingley Town Council expanding.	12/5/2017 11:07 AM
292	Its a simple scheme that seems satisfy the brief, such that the building can be kept for the good of the community.	12/5/2017 9:45 AM
293	With imminent closure, Bingley will be left without suitable facilities. To maintain and find a suitable use for redundant buildings in key locations is vital as they attract negative behaviour and reduce the quality of the visual environment. The design appears carefully thought out and when complete, should provide health provision for everyone visiting Bingley. I like the way the building can be converted to office space and it appears to give excellent value for money with added Civic pride	12/5/2017 9:30 AM
294	None to be fair. Keep them as they are there are plenty of unused buildings in Bingley that could be used for the council offices.	12/5/2017 9:16 AM
295	The continuation of the service for the public	12/5/2017 7:18 AM
296	Using existing building.	12/5/2017 7:10 AM
297	No need for long term offices for BTC. the better use of time (and votes) would be spent lobbying BDMC and it's local councillors to keep them open.	12/5/2017 12:13 AM
298	The need to keep community facilities open is very important.	12/4/2017 10:52 PM
299	Keeping the toilets	12/4/2017 10:16 PM
300	Need toilets but Bradford council should pay it, we give them plenty as it is	12/4/2017 10:09 PM
301	Positive step forward for Bingley by people genuinely interested in the benefits of the town.	12/4/2017 10:07 PM
302	It is important for Bingley to have public toilets if, as hoped, we are trying to attract Sunday market or any other attractions.... without Amenities this is impossible	12/4/2017 10:07 PM
303	That public toilets are retained in some form	12/4/2017 9:47 PM
304	That someone is standing up for the needs of Bingley and doing something positive	12/4/2017 9:45 PM
305	Developing a building to make better use of it and providing much needed resource of toilets when many places are getting rid of them	12/4/2017 9:40 PM
306	Retaining public toilets in Bingley is paramount.	12/4/2017 9:30 PM
307	You never know when you will need use of a toilet and it's not a lot of money in the grand scheme of things	12/4/2017 9:30 PM
308	Not really liking anything about it	12/4/2017 9:16 PM
309	Nothing	12/4/2017 9:02 PM
310	It maintains toilet facilities and added office resources at competitive terms with ownership of something in 20 years rather than renting elsewhere with nothing to show over same period.	12/4/2017 8:57 PM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

311	Bingley needs public toilets especially for the elderly and the young. I appreciate the Town Council needs facilities, but this is a secondary issue for me.	12/4/2017 8:54 PM
312	nothing its overpriced and not necessary .it doesn't and will not have a negative effect on Bingley if they are not there ...The running costs long term are not worth it and according to the plans the council will still own them or are Bingley residents buying them..hmmm	12/4/2017 8:35 PM
313	Just Common sense to have toilet facilities in Bingley.	12/4/2017 7:55 PM
314	Bingley needs public toilets Toilets are accessible Presence in town centre of council	12/4/2017 7:08 PM
315	nothing whatsoever	12/4/2017 6:58 PM
316	That they are keeping a couple of toilets rather than JUST an office	12/4/2017 6:25 PM
317	Maintains accessible public toilets in Bingley. Bingley Town Council presence in Bingley town centre.	12/4/2017 6:08 PM
318	The toilets will stay which is crucial to a town the size of Bingley.	12/4/2017 5:27 PM
319	Mainly keeping the toilets accessible to the public but also having the town council housed in the centre of Bingley.	12/4/2017 5:11 PM
320	Would maintain the existing building for productive use. Would provide permanent office/meeting space for BTC. Would provide at least some, though inadequate, public toilet facilities in central Bingley.	12/4/2017 5:09 PM
321	It retains a vital facility that once lost would never return & combines it with a central facility for B.T.C.	12/4/2017 5:00 PM
322	It means we can keep the toilets and make valuable use of space	12/4/2017 4:33 PM
323	The fact that Bingley will retain a facility that is most definitely needed, the toilets at the moment are very well maintained, if they are closed down it will be a step backwards for Bingley. Also our town council will have a permanent home!! And the small amount it would add to our bills, probably would not be noticed.	12/4/2017 4:32 PM
324	Continuation of public toilet facilities in Bingley. Easy access to Bingley Town Council.	12/4/2017 4:14 PM
325	We need the toilets desperately. This is a great idea	12/4/2017 4:08 PM
326	Toilets may be useful to some people	12/4/2017 3:59 PM
327	That the building will not just become a derelict eyesore.	12/4/2017 3:48 PM
328	I don't think the toilets work as they are at the moment and seem to be underused, however this proposed plan is not realistic in my opinion.	12/4/2017 3:35 PM
329	Keeping the toilets open which visitors to the town can use.	12/4/2017 2:57 PM
330	.	12/4/2017 2:47 PM
331	Public toilets are essential in a town the size of Bingley and one that is continuing to grow. And making Town Council staff more accessible in a central location will have obvious added benefits.	12/4/2017 2:42 PM
332	I think any town needs facilities. We have a park with no loos, a market square with no loos - it is vital if we want Bingley to move towards being a vibrant successful town that basic amenities are available.	12/4/2017 1:21 PM
333	I think it's a shame for the existing building to be derelict and it would be nice to see some improvement to the facilities in Bingley.	12/4/2017 11:14 AM
334	I would like there to be a changing places facility included in these plans so that we can be completely inclusive of all disabled people's needs	12/4/2017 10:37 AM
335	maintain toilets if office space is not available in the building behind the baths then I agree to office space too	12/4/2017 10:32 AM
336	Retain the toilets as is and invest money into existing Town Hall and be proud of our heritage buildings. Short sighted. Only reason you will get approval is because you stated you want to retain toilets.	12/4/2017 9:27 AM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

337	Whilst I feel the need to have toilet facilities in Bingley, funding through increasing council tax is not ideal and will not go down well. I appreciate that there are running costs each year but there could be a view also that payment will also go towards the council offices also! However I am in favour of having public toilets it is a shame that the current, annually increasing, Council Taxes do not cater for this.	12/4/2017 7:12 AM
338	It retains disabled access public toilet facilities in Bingley. It gives Bingley their town council is a central, visible location.	12/4/2017 5:21 AM
339	office provision for BTC and retention of Public Toilets which is a basic human requirement.	12/4/2017 12:08 AM
340	I love the general idea about improving such a beautiful and with great potential town. We need to invest in our town and make it attractive. I would love to see it prospering well with local business other than property letting. Bingley Council does a great job and I'm very happy to support them by giving my vote to the proposed project.	12/3/2017 10:37 PM
341	Retaining public toilets if this was the only viable option	12/3/2017 10:12 PM
342	Having council offices situated in the centre of Bingley which are easily accessible for the public with the added bonus of retaining public toilets.	12/3/2017 9:53 PM
343	Having public toilets with the cost shared across all local households rather than charged only to users, as this is inconvenient and could deter visitors from returning or recommending Bingley to others.	12/3/2017 9:49 PM
344	I like the fact that the town council office will be right in the centre of town and that there will still be a provision for toilets for the community. Are these going to have coin operated doors so that they can be accessed any time?	12/3/2017 9:23 PM
345	Its serves two purposes 1. Keeps a Public Toilet in Bingley 2. The Town Council get an office to work from Win & Win	12/3/2017 8:34 PM
346	nothing we have a town council and if this is something they feel is an asset to its residents so be it might be more successful that the market	12/3/2017 8:23 PM
347	Civilized society requires toilet provision. Bingley Town Council is to be commended and supported in planning for continuity of this provision.	12/3/2017 7:44 PM
348	We definitely need to have public toilets available in Bingley, especially with bml and other events including the market	12/3/2017 7:34 PM
349	Supporting the public needs	12/3/2017 7:22 PM
350	Money and effort can be better utilised elsewhere	12/3/2017 7:19 PM
351	I pay rates to Bradford Council. I fail to see why I have to further subsidise toilets that are open to be used by everyone including all the visitors to the events in Myrtle Park. If Bradford Council wants to ride on the coat tails of Bingley then get your hand in your pocket and stop removing much needed facilities	12/3/2017 7:18 PM
352	I like that it will have a dual benefit. There is a definite need for more office facilities for the town council. I also think it is essential to retain the public toilets. There are many sectors of the public who will feel unable to go out if they do not have access to public toilets.	12/3/2017 6:46 PM
353	Improved toilets and better use of space	12/3/2017 6:41 PM
354	Bingley needs public toilets but only 2 in the building. The office use within the same space is an excellent idea.	12/3/2017 6:15 PM
355	From a personal viewpoint, I would very much like the facility of a public toilet in Bingley. I go shopping and walking in that area and public toilets are much appreciated as part of both those. As a prostate cancer sufferer (a very common problem) I need to use a toilet on a frequent and sometimes urgent basis. Lack of a toilet would mean I could not use Bingley centre regularly. As for Bingley itself, a town of this size needs a public toilet as a year-round facility and especially when events occur in the town. The economic climate of the town would suffer badly without one.	12/3/2017 5:51 PM
356	Should have never been built in the 1st place!!	12/3/2017 5:36 PM
357	I like the fact that the BTC are trying to find premises as a base but I am sure there are other possibilities yet to be explored. Leasing may be the better option in this uncertain political climate.	12/3/2017 4:09 PM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

358	I believe the elected Councillors are doing their best to improve life in Bingley and we should support their efforts. I am aware that the council need a meeting point and this facility would serve for that purpose and no doubt save money in the long run.	12/3/2017 3:50 PM
359	I think it is very important for Bingley to keep its public conveniences and if that includes offices,for btc,all well and good. I have regularly used these and would be sad to see them go	12/3/2017 3:45 PM
360	none	12/3/2017 3:44 PM
361	Retention of toilets. Minimal outlay by residents to support town centre.	12/3/2017 2:57 PM
362	Maintaining public toilets in the town to encourage trade/participation in events	12/3/2017 2:39 PM
363	A good use of the property	12/3/2017 1:03 PM
364	That the toilets are being kept as the town needs these facilities and if they can also be used for the town council, that's even better	12/3/2017 12:57 PM
365	Recognises need to progress with change	12/3/2017 12:43 PM
366	Good use of a pre existing facility, additional benefit of central accessible office for the council. Attractive design. Vital toilet facility for locals and visitors .	12/3/2017 12:35 PM
367	Bingley has 5 Rise Locks tourist attraction, increasing restaurant and bar scene, proposed regular market, it would be foolhardy to think that public toilets are not required.	12/3/2017 12:00 PM
368	Moves Bingley Town Council into Bingley. Retains the toilets asset. Provides footfall to the centre of Bingley. Bingley has a physical focal point for it governance. It also creates a challenge for Bingley to improve its finances to generate income from the town to pay for the use of the asset. A challenge is a good thing as it generates interest, activity and community.	12/3/2017 11:58 AM
369	It is keeping essential facilities in the town.	12/3/2017 11:40 AM
370	Its a great idea and it is a really innovative way of keeping the facilities open	12/3/2017 11:37 AM
371	In the face of widespread closure of assets and facilities nationwide I think creative uses of any assets are the way forward as opposed to just shutting everything down.	12/3/2017 11:13 AM
372	The fact that Bingley will retain its public toilets and be appealing to visitors coming to the town at a time when other towns are losing their facilities.	12/3/2017 11:11 AM
373	Good idea, but why does BMDC insist that the asset is bought when it is for Bingley and Bingley Town Council are taking on responsibilities BMDC can't be bothered with. Not happy with potential precept on rates bill, bad enough with the extra payment we already have.	12/3/2017 10:59 AM
374	It maintains a viable toilet provision in Bingley.	12/3/2017 10:01 AM
375	Keep essential public toilets and have our town council centrally based.	12/3/2017 9:21 AM
376	The building is there. A considerable amount of money was spent to build it. It needs to be used and this seems a good solution with not a lot of cost.	12/3/2017 8:56 AM
377	It becomes part of Bingley, not Bradford. The town needs toilets.	12/3/2017 8:47 AM
378	Retaining public toilets in the centre of the town.	12/2/2017 10:14 PM
379	Good to keep toilets & do something positive for the town	12/2/2017 9:29 PM
380	Retaining the public toilets	12/2/2017 7:57 PM
381	Utilising a space quiet large for its current ourpose and ensuring the facilities remain in good use	12/2/2017 7:40 PM
382	Retaining public toilets in Bingley is my priority.	12/2/2017 6:27 PM
383	The Town Council would be in the most central place in Bingley, there for folk to see and deal with, with good access for all. The toilets are needed for the good of the community as not everyone is happy to nip into the pub for a pee, nor the pubs happy to be used as public toilets! Having a public toilet is the sign of a civilised society- even if Mrs Thatcher did say that society no longer exists...we are bigger than that. If you want your £24 now, I'll gladly put my hand in my pocket from my pension.	12/2/2017 5:43 PM
384	Secures proper town centre toilet facilities for the long term and puts the town council in a much more suitable accessible place.	12/2/2017 5:20 PM
385	The closure is indicative of cbmdc's attitude to Bingley. BTC should be applauded for this initiative	12/2/2017 5:08 PM

## Bingley Town Council: have your say on the plans for new offices and public toilet facilities in Bingley

386	A positive way forward-looks to be a sensible reaction to the situation Bingley has inherited.	12/2/2017 5:03 PM
387	Strategic use and development of an existing asset for the continued benefit of Bingley residents, as well providing needed Central accesable town council facilities.	12/2/2017 4:40 PM
388	This would be a permanent well designed feature which would guarantee public toilets for the people of Bingley.	12/2/2017 4:38 PM
389	Ensuring public toilets in the town centre, hopefully open longer hours 7 days per week?	12/2/2017 4:35 PM
390	It retains a public facility in Bingley. Bingley is a tourist site and needs facilities.	12/2/2017 4:24 PM
391	It's a positive use of a potentially derelict site. Great the council have a centrally sited office and a Bingley would benefit from new upkept public toilets	12/2/2017 3:44 PM
392	It utilises the space well and creates a modern, useful building from which both the town council and everyone visiting Bingley can benefit.	12/2/2017 3:11 PM
393	Accessibility of both toilets and the Town Councils offices	12/2/2017 2:40 PM
394	Great use of a potentially redundant site	11/29/2017 11:49 AM
